

I endorse Jon because he has demonstrated a hard and enduring work ethic in campaigning for the Office of Sheriff. Many feel he is not ready for the Office because he is only a Sergeant at the Davis County Sheriff's Office. However, his military leadership and experiences will make up any shortfalls many think he may have. His issues are real, he is a leader, he has plans to unify the Office, and to make the Davis County Sheriff's Office a contributing agency with all first responders, government organizations, and most importantly with other elected County Officials. Jon's endorsements are mostly local residents and leaders in Davis County that he has personally contacted and introduced himself to.

- Bud Cox, Davis County Sheriff 1999-2010
