

I am delighted and honored to recommend Jonathan Atkin for Davis County Sheriff.

I have known Jonathan for nearly his whole life. I feel I know him well. I have watched him grow up from a small boy growing up in a difficult time with his family, to a father of a beautiful little family whom he loves dearly. Jonathan persisted to overcoming many obstacles in his life. I've watched how his dedication to his church and scouting gave him a better perspective on life and service. Jon once told me that he had a choice to give up on the world or work hard and be someone better and to help others. Jon chose the latter. He knows and has seen both sides of life. Jon has always kept in contact with me throughout his life sharing his successes and accomplishments his path has taken him.

I am privileged to know Jon, his wife and his cute kids and admire the great strength he is to them and to others he serves. He is a strong and honest man who loves his country. His public service experience is amazing which will be needed as he keeps our county and neighborhoods safe.

I highly endorse Jonathan Atkin as a man of good character, great experience and his love of serving his community for our next Davis County Sheriff.
