

To whom it may concern:

I would like to take this opportunity to proudly and wholeheartedly endorse Jon Atkin for the office of Davis County Sheriff. Jon is a man of integrity and principle who carries a deep commitment to being a true Law Enforcement professional.

I have spent time with Jon both professionally and personally and have found him to be exemplary in his conduct in all aspects. He has deep desires to give back to the citizens of Davis County. He also has a vision for the Davis County Sheriffs Department that will make that office stronger in all ways.

I visited with Jon recently and was very impressed with his concern for and desire to do everything he can to see those he leads become the best version of themselves. A leader who cares as he does and is willing to lead by example as he does can be a powerful and inspiring force in peoples lives. I am confident that given the opportunity Davis County will be forever better for having Jon as our Sheriff.

I would encourage readers of this letter to visit Jon's website at <https://atkin4sheriff.com/> His grasp of the future needs of Davis County and the Davis County Sheriffs Department are spot on. Our society is becoming increasingly more challenging and complex and Jon has demonstrated a deep understanding of how to meet those challenges.

As one who spent 32 years in law enforcement in Davis County I have witnessed how very necessary it is to adapt, change and grow as changes in our communities and our profession arise. Jon is committed to meeting these challenges and using his experience and knowledge to leave things better than he found them.

I can give this endorsement without reservation and look forward to Jon becoming the next Sheriff of Davis County.

Sincerely,

Wayne Hansen  
Police Chief (Ret.)  
Farmington City Police Dept.
